Top Coated Plus (TCP)

TCP – (impregnācija) tehnoloģija, kas samazina ūdens absorbciju. Iespējams pielietot krāsainiem un ColorMix produktiem. Minimālais pasūtījuma apjoms 1000 m². Produktus ar TCP pārklājumu izgatavojam mūsu ražotnē Lietuvā.

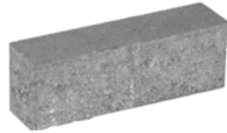

Standarta bruģakmens krāsu piedāvājumam iespējams realizēt arī citus klienta izvēlētus toņus. Speciālā toņa minimālais pasūtījums sākot no 500 m². Papildu informācijai sazinieties ar pārdošanas projektu vadītājiem.
